Trusted Brands Working Together

Our operating companies serve electric, gas & combination utilities

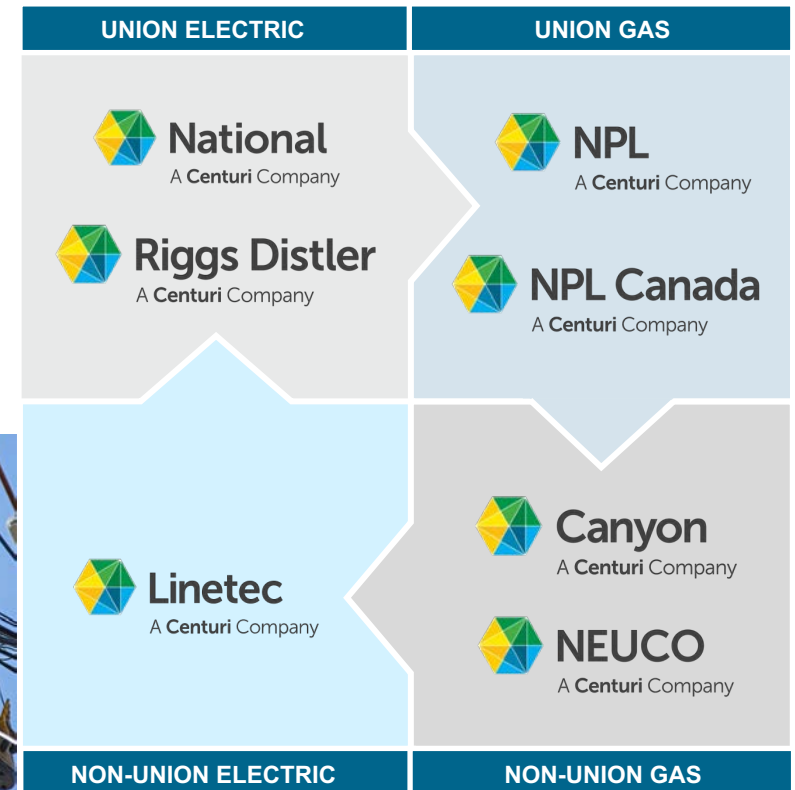

Each operating company is positioned to meet customers' local needs while leveraging the scale and decades long experience of the entire enterprise

Diversified Utility Services Provider

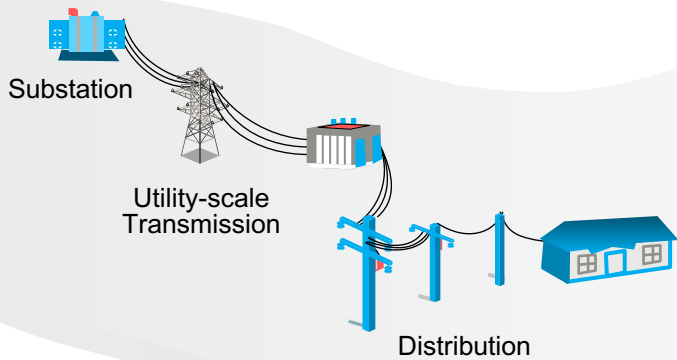

We have capabilities and scale to serve all markets

- » Comprehensive electric and gas utility services
- » Highly skilled union & non-union workforce
- » Industry leading safety & quality record
- » Employees rooted in communities where they live & work
- » Expertise in deploying utility cap ex programs and projects

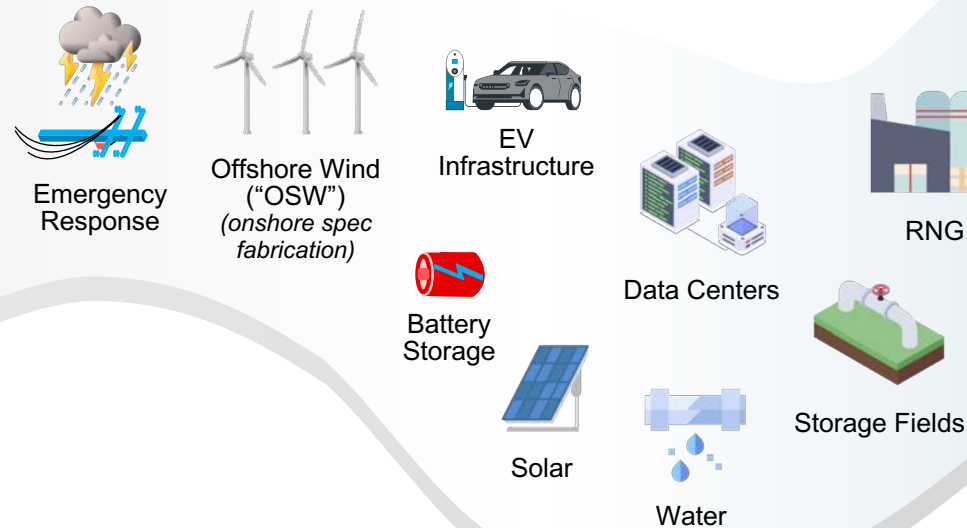

Serving the Utility Value Chain

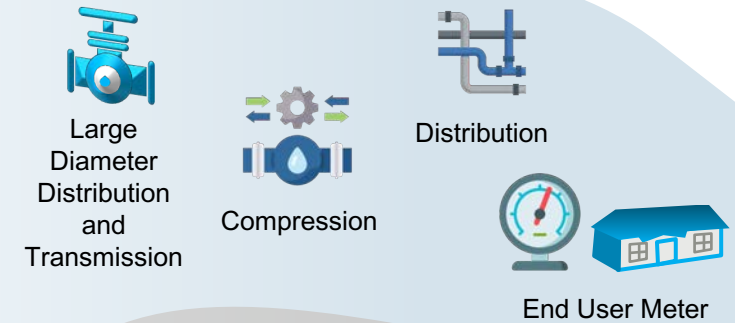

Electric Infrastructure

Renewables and Complementary Services

Natural Gas Infrastructure

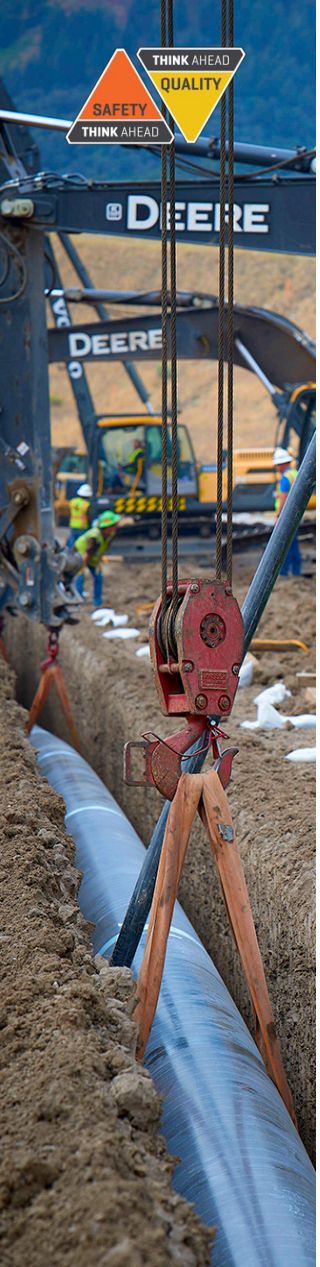

Providing infrastructure services from substation or city gate to the customer meter

Who We Serve

Our focus on serving utilities has resulted in long-standing strategic relationships rooted in mutual trust

On average, over 23 years of continuous service

Our Commitments

- » Safety & Quality are the foundation of our business
- » With our pledge to THINK AHEAD, we put safety and quality first in everything we do and drive goals to Target Zero

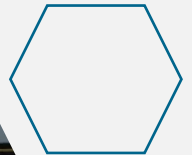

- » Our Sustainability Framework and Think Ahead philosophy are the guiding principles for the entire Centuri enterprise
- » We are committed to building lasting businesses throughout the local communities in which our employees live and work

A Long Term Partner

We focus on partnering for the long run, which drives...

- » Deep understanding of customer systems, standards, and procedures
- » Awareness of utility strategies, goals & future planning needs
- » Safe and efficient deployment of resources to ensure timely delivery of rate base work

We act as an extension of each utility we serve
